

Doctor Amy Miller of St. Louis Skin Solutions is First to be Board Certified in Mesotherapy in St. Louis

Lipo Dissolve is not the only thing offered at St. Louis Skin Solutions, but they are advanced in all their treatments. Easy to do, and less painful than liposuction or tummy tucks, lipodissolve, lipotherapy and mesotherapy are becoming all the craze for good reasons.

Saint Louis, MO (PRWEB) June 19, 2006 -- There are many places that will say they are the best or the most advanced in what they do, but do they have the training, experience and techniques to make them the best?

In May of 2006, Doctor Amy Miller completed her training and testing to be the very first doctor in St. Louis, Missouri to be Board Certified in mesotherapy.

In early of 2005 Dr. Miller and Adrienne (with St. Louis Skin Solutions) were trained at the International Seminars and Training Events with Pioneers and World Authorities in both Mesotherapy and Lipotherapy by Dr. Le COZ, MD, Dr. Patricia Rittes, MD & Dr. Roman Chubaty, MD. Dr. Miller is also a member of Members of the International Meso-Lipotherapy Society (<http://www.aestheticmd.com/imls.shtml>).

Since St. Louis Skin Solutions started doing lipo dissolve/ lipotherapy and mesotherapy they have seen 100's of patients with great & phenomenal results. On their website you can see some of the results that they have accomplished. You can visit the site at www.stlouisskin.com, or <http://stlouisskin.com/lipomesotherapy.html>.

One patient, C.T., age 29, said, "I came to St. Louis Skin Solutions after much research and felt so relieved and excited by the fact that Dr. Amy Miller and her staff were so great. Every one of them has been very considerate to my needs and are all personable and know their stuff. I originally went in for lipodissolve, but have had other procedures done based on the atmosphere at St. Louis Skin Solutions."

C.T. continued, "The lipodissolve experience at St. Louis Skin Solutions has been wonderful, I have enjoyed my results and the procedure was easy and relatively painless. Dr. Amy Miller was always up to date on the latest and greatest where lipodissolve is concerned. I have been fortunate enough to benefit from the changes she has made in the procedure and have gotten greater overall result as time went on and much less discomfort."

"I had treatment on several areas at once and noticed a difference that was visible after my second treatment, and it only got better from there. I have noticed an overall weight loss that I am so pleased with, and I have noticed a sculpting effect that is due to the Dr. Amy Miller's wonderful techniques, all that I am so pleased with," C.T. continued. "After trying everything under the sun to get rid of medication induced weight gain, this did the trick. Overall, my results have been astonishing; I have gone from a size 14 to a size 8 and have lost over 30 pounds. While I know that everyone may not have the results I did, you can at least get the caring service, knowledge and expertise of the St. Louis Skin Solutions Staff."

Doctor Miller and her small personal staff always try to ensure that they are the most advanced; and on the cutting edge of all the newest techniques, advances in educations, and up to date on all the information that is available.

St. Louis Skin Solutions takes all of their procedures seriously and have the utmost pride in being the best. Don't hesitate to see why they have been the best choice in St. Louis for all your skin care needs; such as:

Restylane, Radiesse, Thread Lifts, Botox, Hair Removal, Vein Removal, Laser Peels, Obagi, and much much more.
